PROFESSIONAL SUMMARY

B.E. ECE graduate (2018) transitioning into Data Analytics with strong analytical skills and hands-on experience in SQL, Advanced Excel, and Power BI. Skilled in building interactive dashboards and deriving actionable insights. Familiar with Python for data analysis and currently advancing skills in data analysis to support business reporting and data-driven decision-making.

TECHNICAL SKILLS

- **Core Proficiency** : SQL, Advanced Excel (Pivot Tables, VLOOKUP), Power BI, Google Sheets, Data Cleaning, Descriptive Statistics.
 - **Programming** : Python (Basics, currently advancing in data analysis)
-

DATA ANALYTICS PROJECTS

1. Northwind Sales, Inventory & Procurement Dashboard | Power BI | SQL | Excel

GitHub: [Northwind Dashboard Repository](#)

- Delivered a **comprehensive dashboard** enabling data-driven decision-making across sales, inventory, employee performance, and supplier management.
- Built a **5-page Power BI dashboard** providing insights into sales, inventory, customer behaviour, employee performance and supplier management.
- Wrote **SQL queries** to extract insights on revenue trends, customer segmentation, supplier distribution and product demand.
- Performed **data analysis in Excel** using pivot tables to identify patterns, trends, and key business drivers.
- Created **DAX measures and KPIs** such as Total Revenue, Total Orders, and Average Order Value for performance tracking.
- Implemented **data modelling and relationships** across multiple tables to ensure accurate and reliable reporting.

2. Movie Rental Dashboard | Power BI

GitHub: [Movie rental Dashboard Repository](#)

- Built an interactive dashboard analysing **rental trends, customer activity, and store performance**.
- Designed **KPIs and time-based analysis** to track sales trends and customer behaviour over time.
- Identified **high-demand films and seasonal patterns** to support inventory and business decisions.
- Applied **DAX calculations and data modelling** to enable dynamic filtering and insightful visualizations.

EDUCATION & CERTIFICATION

Data Analytics Certification

- Data Analytics by Acciojob – Online | July 2025 – Present

B.E. in Electronics and Communication Engineering

- Knowledge Institute of Technology, Salem, TN | Graduated: 2018

PROFESSIONAL DEVELOPMENT & CAREER HISTORY

Focused Preparation & Career Break | 2018 – June 2025

- **2018 – May 2023 (Focused Preparation):** Dedicated full-time study for competitive examinations, fostering **Quantitative Aptitude** and **Logical Reasoning** highly relevant to analytical roles.
- **June 2023 – June 2025 (Career Break):** Planned break for maternity leave and full-time family care, successfully managing personal responsibilities prior to career transition.
